Finding the Purpose for Y(our) Presence

The greatest study to take on is the STUDY OF SELF.

Every single human being is PRESENT to fulfill a PURPOSE. The earlier we find our purpose, the earlier we can begin working to fulfill it.

Testimonials

In my honest opinion, Bro. Thomas has the best program that I have experienced so far in my life. Because you learn skills and principles. You get to meet different people. And the best thing in my humble opinion, is the conversations that he will have with you

Bro. Thomas's program has had a huge impact on our school culture. We were able to do things virtually during the pandemic. He has spoken with them, taught lessons, motivated them, and really encouraged/empowered them to become better young men for themselves, to become entrepreneurs, better brothers, sons, & the importance of being an overall good person. The things he teaches young men are the very things that he teaches his own children.

His sessions were honestly LIFE CHANGING! I learned so much about my purpose here on earth and about my ancestors of the past. The biggest thing that stuck out to me was how creating a regiment and setting goals can really set me up for success in my life. Everything that I learned I still apply each & every day to my life.

After attending your program, I began to follow you on IG. I really appreciate how you try to live everything that you were teaching us. I can say that the principles that we learned from your program & teaching will change my life forever, Thank you Bro. Thomas!
